CONTENTS OF VOLUME 39

ABLE, K. P. & ABLE, M. A. Ontogeny of migratory orientation in the savannah sparrow, *Passerculus sandwichensis*: calibration of the magnetic compass 905
ABLE, K. P. & ABLE, M. A. Ontogeny of migratory orientation in the savannah sparrow, *Passerculus sandwichensis*: mechanisms at sunset 1189
ABLE, M. A., *see* ABLE, K. P.
Acoustic features of song notes in great tits 450
Acoustic structure and receiver response in domestic dogs 897
ADAMS, E. S. Boundary disputes in the territorial ant *Azteca trigona*: effects of asymmetries in colony size 321
ADAMS, E. S. & CALDWELL, R. L. Deceptive communication in asymmetric fights of the stomatopod crustacean *Gonodactylus bredini* 706
ADAMS, K., *see* WITT, D. M.
Advertisement calling in the tungara frog, determinants of chorus participation and the effects of size, weight and competition on 620
Age, reproductive division of labour related to, in the Japanese queenless ant 843
Agonistic encounters among black-capped chickadees: how are they resolved? 980
AGUILERA, E., *see* AMAT, J. A.
Alarm call responsivity of mallard ducklings: multiple pathways in behavioural development 1207
Alarm calling, evolution of; a cost–benefit analysis 860
Alloparental behaviour in Barbary macaques 297
ALATALO, R. V., LUNDBERG, A. & SUNDBERG, J. Can female preference explain sexual dichromatism in the pied flycatcher, *Ficedula hypoleuca*? 244
AMAT, J. A. & AGUILERA, E. Tactics of black-headed gulls robbing egrets and waders 70
Anolis lizards: concordant evolution of locomotor behaviour, display rate and morphology 879
Ant nestmate recognition: influence of the queen, colony size and worker ovarian development 413
Ant, primitive, existence of a sensitive period during the ontogenesis of social behaviour in 850
Ant, queenless, Japanese, reproductive division of labour related to age in 843
Ant, territorial, boundary disputes in; effects of asymmetries in colony size 321
Anti-predator behaviour, minnow, the inheritance and development of 834
Aphids taking flight after exposure to wind, behavioural post-inhibitory rebound in 1078
Apis mellifera, role of the mating sign in 444
APOLLONIO, M., FESTA-BIANCHET, M., MARI, F. & RIVA, M. Site-specific asymmetries in male copulatory success in a fallow deer lek 205
Arctopsyche ladogensis, fighting and assessment in; a test of the sequential assessment game 55
Armadillo, hairy, screaming, the guinea pig and the marginal value theorem, the tale of 1030
Assessment and fighting in the net-spinning caddis larva *Arctopsyche ladogensis*: a test of the sequential assessment game 55
Assessment process interruption to probe changes in the motivational state 1068
Assessment of virginity by male bowl and doily spiders 307
ATEMA, J., *see* COWAN, D. F.
AUBIN, T., *see* BRÉMOND, J.-C.
Auklets, least, plumage variability functions for status signalling in 967
Avian mobbing: effects on a potential predator, the European kestrel, *Falco tinnunculus* 821
Azteca trigona, boundary disputes in; effects of asymmetries in colony size 321
Baboons, a Veto game played by; a challenge to the use of the Prisoner's Dilemma as a paradigm for reciprocity and cooperation 78
BALCOMBE, J. P. Vocal recognition of pups by mother Mexican free-tailed bats, *Tadarida brasiliensis mexicana* 960
BALPH, O. F., *see* TAYLOR, R. J.
BALPH, M. H., *see* TAYLOR, R. J.
Barbary macaques, alloparental behaviour in 297
BARNARD, P. Male tail length, sexual display intensity and female sexual response in a parasitic African finch 652
BARTELS, P. J., *see* BURLEY, N.
Bats, free-tailed, Mexican, characteristics of the visually guided escape response of 314
Bats, free-tailed, Mexican, mother, vocal recognition of pups by 960
Bees, honey, role of the mating sign in 444
Bee-eaters: hatching asynchrony, sibling competition and siblicide 657
Beetles, burying, behavioural and ecological correlates of male and female parental care and reproductive success in 274
Behaviour of grey jays towards palatable and unpalatable Lepidoptera 699
Behaviour: splitting into bouts 63
Behavioural development, multiple pathways: alarm call responsivity of mallard ducklings 1207
Behavioural and ecological correlates of male and female parental care and reproductive success in burying beetles 274

Behavioural evolution, conservative; the neural substrate 758
Behavioural patterns during postpartum oestrus in prairie voles 528
Behavioural post-inhibitory rebound in aphids taking flight after exposure to wind 1078
Behavioural response of female dark-eyed juncos to the experimental removal of their mates: implications for the evolution of male parental care 125
BERGERUD, A. T., FERGUSON, R. & BUTLER, H. E. Spring migration and dispersion of woodland caribou at calving 360
BERGLUND, A. Sequential hermaphroditism and the size-advantage hypothesis: an experimental test .. 426
BERMAN, C. M. Intergenerational transmission of maternal rejection rates among free-ranging rhesus monkeys 329
BERNAYS, E. A., *see* LEE, J. C.
Birds, lek behaviour in; do displaying males reduce nest predation? 555
Birds, nestling, hatching asynchrony, sibling competition and siblicide in; studies of swiftlets and bee-eaters 657
Blackbirds, red-winged, nest defence as shareable paternal care in 1173
BLAICH, C. F., *see* MILLER, D. B.
BLANCKENHORN, W. U. *see* CARACO, T.
BLOCK, M. L., *see* SMALE, L.
BLOCK, M. L., *see* SMITH, B. A.
BÖHNER, J. Early acquisition of song in the zebra finch, *Taeniopygia guttata* 369
BONE, S., *see* CLARK, M. M.
Boundary disputes in the territorial ant: effects of asymmetries in colony size 321
Bouts, splitting behaviour into 63
BOWERS, M. D. & FARLEY, S. The behaviour of grey jays, *Perisoreus canadensis*, towards palatable and unpalatable Lepidoptera 699
Breeding routes in dwarf mongooses 566
Breeding season, daily time allocation among adult and immature yellow-eyed juncos over 380
BRÉMOND, J.-C. & AUBIN, T. Responses to distress calls by black-headed gulls, *Larus ridibundus*: the role of non-degraded features 503
Brood care in American robins: implications for mixed reproductive strategies by females 1179
BRYANT, D. M. & TATNER, P. Hatching asynchrony, sibling competition and siblicide in nestling birds: studies of swiftlets and bee-eaters 657
BRYANT, W. C., *see* PERRIGO, G.
Building behaviour, complex, in the paper wasp, *Polistes fuscatus*, the regulation of 105
BURLEY, N. & BARTELS, P. J. Phenotypic similarities of sibling zebra finches 174
BURLEY, N., MINOR, C. & STRACHAN, C. Social preference of zebra finches for siblings, cousins and non-kin 775
BUTLER, H. E., *see* BERGERUD, A. T.
Caddis larva, fighting and assessment in; a test of the sequential assessment game 55
CALDWELL, R. L., *see* ADAMS, E. S.
Calls, conspecific, evoke characteristic cardiac responses in mallard ducklings 785
Calving, spring migration and dispersion of woodland caribou at 360
CAMPBELL, D. J. Resolution of spatial complexity in a field sample of singing crickets *Teleogryllus commodus* (Walker) (Gryllidae): a nearest-neighbour analysis 1051
Canis familiaris, acoustic structure and receiver response in 897
CARACO, T., BLANCKENHORN, W. U., GREGORY, G. M., NEWMAN, J. A., RECER, G. M. & ZWICKER, S. M. Risk-sensitivity: ambient temperature affects foraging choice 338
Cardiac responses in mallard ducklings evoked by conspecific calls 785
Caribou, woodland, spring migration and dispersion of, at calving 360
CARTER, C. S., *see* WITT, D. M.
CASSINI, M. H., KACELNIK, A. & SEGURA, E. T. The tale of the screaming hairy armadillo, the guinea pig and the marginal value theorem 1030
Chalcides ocellatus: roles of vomeronasal organ chemoreception in tongue flicking, exploratory and feeding behaviour 692
CHAMPALBERT, A. & LACHAUD, J.-P. Existence of a sensitive period during the ontogenesis of social behaviour in a primitive ant 850
CHAPMAN, C. A. & LEFEBVRE, L. Manipulating foraging group size: spider monkey food calls at fruiting trees 891
CHAYER, R., *see* WITT, D. M.
Chicks, domestic: responses to artificially coloured insect prey 466
Chickadees, black-capped, agonistic encounters among; how are they resolved? 980
Chemoreception, vomeronasal organ: roles in tongue flicking, exploratory and feeding behaviour of the lizard, *Chalcides ocellatus* 692
Chemosignal, maternal, maintains paternal behaviour in the biparental California mouse 936
Chorthippus parallelus, are differences in song responsible for assortative mating between subspecies of? .. 685
Chorus participation, determinants of, in the tungara frog 620

CONTENTS

Cichlasoma nigrofasciatum, factors determining parental preference of 573
Cichlid fry, convict, factors determining parental preference of 573
Cladoceran species, two, swimming tracks in swarms of 10
CLARK, D. L. & GILLINGHAM, J. C. Sleep-site fidelity in two Puerto Rican lizards 1138
CLARK, M. M., BONE, S. & GALEF, B. G., Jr. Evidence of sex-biased postnatal maternal investment by Mongolian gerbils 735
CLAYTON, N. S. Mate choice and pair formation in Timor and Australian Mainland zebra finches .. 474
Clutch overlap in mockingbirds, song playback initiates nest building during 943
Clutch and third-egg size in glaucous-winged gulls, impact of courtship feeding on 1149
COBB, M. & JALLON, J.-M. Pheromones, mate recognition and courtship stimulation in the *Drosophila melanogaster* species sub-group 1058
Colony size, effects of asymmetries in; boundary disputes in the territorial ant 321
Colony size: influence on ant nestmate recognition 413
Colour, background, and responses of domestic chicks to artificially coloured insect prey 466
Colour, microhabitat, host; learning by *Exeristes roboratar* 914
Competition: effect on advertisement calling in the tungara frog 620
Competition, female–female, for mates in the pipefish *Nerophis ophidion* 1110
Competition, mate, of flightless male fig wasps 434
Competition, sperm, in thirteen-lined ground squirrels, factors affecting the outcome of 156
Cooperation, and a Veto game played by baboons 78
Copulatory success, male, in a fallow deer lek, site-specific asymmetries in 205
Coral reef fish, male versus female influences on mating-site determination in 540
Cost–benefit analysis; the evolution of alarm calling 860
Costs and benefits of the egg-dumping alternative in *Gargaphia* lace bugs 352
Cost, social, of tail loss in *Uta stansburiana*: lizard tails as status-signalling badges 549
CRAIG, C. L. Effects of background pattern on insect perception of webs spun by orb-weaving spiders .. 135
CRAPON DE CAPRONA, M.-D. & RYAN, M. J. Conspecific mate recognition in swordtails, *Xiphophorus nigrensis* and *X. pygmaeus* (Poeciliidae): olfactory and visual cues 290
Crickets, singing, resolution of spatial complexity in a field sample of; a nearest-neighbour analysis .. 1051
CROSLAND, M. W. J. The influence of the queen, colony size and worker ovarian development on nestmate recognition in the ant *Rhytidoponera confusa* 413
Crustacean, stomatopod, *Gonodactylus bredini*, deceptive communication in asymmetric fights of .. 706
Courtship and assessment of virginity by male bowl and doily spiders 307
Courtship feeding: impact on clutch and third-egg size in glaucous-winged gulls 1149
Courtship pheromones, male, increase female receptivity in a plethodontid salamander 729
Courtship stimulation in the *Drosophila melanogaster* species sub-group 1058
Cousins, social preference of zebra finches for 775
COWAN, D. F. & ATEMA, J. Moult staggering and serial monogamy in American lobsters, *Homarus americanus* 1199
Cue, light, single: effect on homing behaviour of the golden hamster 17
Cues, olfactory and visual; conspecific mate recognition in swordtails 290
Cues, salivary, preference of Mongolian gerbils for; a developmental analysis 512
Curlews, mudflat-feeding: kleptoparasitism as a problem of prey choice 219
DAHLGREN, J. Females choose vigilant males: an experiment with the monogamous grey partridge, *Perdix perdix* 646
DALE, S. & SLAGSVOLD, T. Random settlement of female pied flycatchers, *Ficedula hypoleuca*: significance of male territory size 231
Damselfly territorial contests, escalated, are energetic wars of attrition 954
Deceptive communication in asymmetric fights of the stomatopod crustacean *Gonodactylus bredini* .. 706
Deer lek, fallow, site-specific asymmetries in male copulatory success in 205
DELAY, L. S., *see* FOX, S. F.
Desertion, mate, the logic of 672
DEWSBURY, D. A. Fathers and sons: genetic factors and social dominance in deer mice, *Peromyscus maniculatus* 284
DHONDT, A. A., *see* LAMBRECHTS, M. M.
DICK, J. T. A., *see* ELWOOD, R. W.
DICKINSON, T. E., *see* FALLS, J. B.
Dispersal, social tolerance and proximate mechanisms of, among winter groups of meadow voles .. 346
Display rate: evolution in *Anolis* lizards 879
Distress calls by black-headed gulls, responses to 503
Division of labour, reproductive, related to age in the Japanese queenless ant 843
Dogs, domestic, acoustic structure and receiver response in 897
Dominance correlates in interactions of song sparrows and white-throated sparrows 522

Dominance, social, and genetic factors in deer mice 284
DOWNING, H. A. & JEANNE, R. L. The regulation of complex building behaviour in the paper wasp, *Polistes fuscatus* (Insecta, Hymenoptera, Vespidae) 105
Drosophila melanogaster species sub-group: pheromones, mate recognition and courtship stimulation .. 1058
Ducklings, mallard, alarm call responsivity in; multiple pathways in behavioural development 1207
Ducklings, mallard, conspecific calls evoke characteristic cardiac responses in 785
DUNHAM, P. J. & HURSHMAN, A. Precopulatory mate guarding in the amphipod, *Gammarus lawrencianus*: effects of social stimulation during the post-copulation interval 976
DUVALL, D., *see* KING, M. B.
Ecological and behavioural correlates of male and female parental care and reproductive success in burying beetles 274
Ecological plasticity and feeding neophobia: a test of the hypothesis with captive sparrows 375
Egg-dumping alternative, costs and benefits of, in *Gargaphia* lace bugs 352
Egrets, tactics of black-headed gull robbing 70
ELWOOD, R. W. & DICK, J. T. A. The amorous *Gammarus*: the relationship between precopula duration and size-assortative mating in *G. pulex* 828
ELWOOD, R. W., *see* JACKSON, N. W.
Energetic wars of attrition; escalated damselfly territorial contests 954
ENGLUND, G. & OLSSON, T. I. Fighting and assessment in the net-spinning caddis larva *Arctopsyche ladogensis*: a test of the sequential assessment game 55

ENS, B. J., ESSELINK, P. & ZWARTS, L. Kleptoparasitism as a problem of prey choice: a study on mudflat-feeding curlews, *Numenius arquata* 219
Escape response, visually guided, of the Mexican free-tailed bat 314
ESSELINK, P., *see* ENS, B. J.
ETIENNE, A. S., TERONI, E., HURNI, C. & PORTENIER, V. The effect of a single light cue on homing behaviour of the golden hamster 17
EVANS, C. S. & GAIONI, S. J. Conspecific calls evoke characteristic cardiac responses in mallard ducklings 785
Evolution of alarm calling: a cost–benefit analysis 860
Evolution, behavioural, conservative; the neural substrate 758
Evolution, concordant, of locomotor behaviour, display rate and morphology in *Anolis* lizards 879
Evolution, cultural, of male song types in Darwin's medium ground finches, *Geospiza fortis* 253
Evolution of fatal fighting 1
Evolution of male parental care; behavioural responses of female dark-eyed juncos to the experimental removal of their mates 125
Exeristes roborator, learning of host microhabitat colour by 914
Exploratory behaviour of the lizard, *Chalcides ocellatus*, role of vomeronasal organ chemoreception in .. 692
Falco tinnunculus, potential predator, the effects of avian mobbing on 821
FALLS, J. B., DICKINSON, T. E. & KREBS, J. R. Contrast between successive songs affects the response of eastern meadowlarks to playback 717
FALLS, J. B., *see* WHILLANS, K. V.
FARLEY, S., *see* BOWERS, M. D.
FARLEY, S. D., *see* HA, J. C.
Fathers and sons: genetic factors and social dominance in deer mice 284
Feeding behaviour of the lizard, *Chalcides ocellatus*, role of vomeronasal organ chemoreception in .. 692
Feeding courtship: impact on clutch and third-egg size in glaucous-winged gulls 1149
Feeding neophobia and ecological plasticity: a test of the hypothesis with captive sparrows 375
Female choice increases fertilization success in the Australian frog, *Uperoleia laevigata* 639
Females choose vigilant males: an experiment with the monogamous grey partridge, *Perdix perdix* .. 646
Female dark-eyed juncos, behavioural response of, to the experimental removal of their mates; implication for evolution of male parental care 125
Female–female competition for mates in the pipefish *Nerophis ophidion* 1110
Female house sparrows: infanticide by 496
Female versus male influences on mating-site determination in a coral reef fish 540
Female and male parental care and reproductive success in burying beetles, behavioural and ecological correlates of 274
Female mate choice and male tail length in the monogamous swallow *Hirundo rustica* 458
Female mixed reproductive strategies, and brood care in American robins 1179
Female pied flycatchers, random settlement of; significance of male territory size 231
Female prairie voles, investigation of conspecific male odours by 768
Female preference: can it explain sexual dichromatism in the pied flycatcher, *Ficedula hypoleuca*? .. 233
Female receptivity in a plethodontid salamander is increased by male courtship pheromones 729
Female sexual response in a parasitic African finch 652

CONTENTS

Female white-throated sparrows, the effects of male removal on parental care of 869
FERGUSON, R., *see* BERGERUD, A. T.
Fertilization success in the Australian frog, *Uperoleia laevigata*, is increased by female choice 639
FESTA-BIANCHET, M., *see* APOLLONIO, M.
Ficedula hypoleuca, female, random settlement of; significance of male territory size 231
Ficedula hypoleuca: can sexual dichromatism be explained by female preference? 244
FICKEN, M. S., *see* POPP, J. W.
Fidelity, sleep-site, in two Puerto Rican lizards 1138
Fighting and assessment in the net-spinning caddis larvae *Arctopsyche ladogensis*: a test of the sequential assessment game 55
Fighting, fatal, the evolution of 1
Fights, asymmetric, of the stomatopod crustacean *Gonodactylus bredini*, deceptive communication in .. 706
Finch, African, parasitic, male tail length, sexual display intensity and female sexual response in .. 652
Finches, medium ground, Darwin's, cultural evolution of male song types in 253
Finch, zebra, early acquisition of song in 369
Finch, zebra, models for song learning in 745
Finches, zebra, sibling, phenotypic similarities of 174
Finches, zebra: social preference for siblings, cousins and non-kin 775
Finches, zebra, Timor and Australian Mainland, mate choice and pair formation in 474
Fish, coral reef, male versus female influences on mating-site determination in 540
FITZGIBBON, C. D. Mixed-species grouping in Thomson's and Grant's gazelles: the antipredator benefits .. 1116
FLETCHER, D. J., *see* SIBLY, R. M.
Flies, robber, behavioural thermoregulation in three species of 181
Flight, behavioural post-inhibitory rebound in aphids taking, after exposure to wind 1078
Flycatchers, pied, female, random settlement of; significance of male territory size 231
Flycatcher, pied: can sexual dichromatism be explained by female preference? 244
FOLTZ, D. W., *see* SCHWAGMEYER, P. L.
Food calls, spider monkey, at fruiting trees; manipulating foraging group size 891
Food tastes and toxic effects: associative learning by the polyphagous grasshopper *Schistocerca americana* 163
Foraging, barn swallow, social influences on, in the Adirondacks: a test of competing hypotheses .. 97
Foraging behaviour, risk-prone, in captive grey jays, *Perisoreus canadensis* 91
Foraging choice is affected by ambient temperature 338
Foraging group size manipulation: spider monkey food calls at fruiting trees 891
Foraging and social behaviour of dart-poison frogs, metabolic correlates of 145
Foraging, vernal, in prairie rattlesnake seasonal migrations 924
